## Stan Huff

- Chief Medical Informatics Officer
- Intermountain Healthcare, Salt Lake City, UT
- Clinical Pathologist by training
- Member of the Board of Directors of HL7
- Co-chair of the LOINC Committee
- Member of the ONC Health Information Technology Standards Committee

## Stan Huff

- I am leading the Clinical Information Modeling Initiative (CIMI)
- CIMI is developing an open shared repository of detailed clinical information models to support interoperability of health care data
- We are investigating RDF as one representation of the information models
